

Open Solutions Expands Strategic Relationship with CNS to Deliver Extensive Electronic Funds Transfer Capabilities

CNS to provide comprehensive ATM, debit transaction processing and risk management products and services to Open Solutions' core clients

GLASTONBURY, Conn., Nov. 20, 2008 – Open Solutions Inc.® announced today an expanded strategic relationship with Consumer Network Services (CNS) to provide electronic funds transfer (EFT) products and services to Open Solutions' clients running *The Complete Banking Solution*® and *The Complete Credit Union Solution*®. Open Solutions is a leading provider of integrated enabling technologies for financial services providers throughout the United States, Canada and other international markets.

For more than 20 years, Open Solutions has been reselling CNS EFT services to its clients operating in outsourced environments. With this new agreement, Open Solutions will be able to offer CNS EFT capabilities to Open Solutions' in-house core clients. The partnership will introduce products and services that were not widely available to many in-house clients.

CNS EFT solution sets include ATM driving and monitoring, ATM and debit card transaction processing and comprehensive ancillary services including risk management, card production and consultative services. CNS processes more than 20 million EFT transactions per month for Open Solutions' clients.

“Open Solutions and CNS deliver an outstanding range of capabilities, services and operational options,” said Tim Lenhoff, senior vice president of Columbia Bank, located in New Jersey. “Together, the Open Solutions/CNS team gives us a service suite that enables us to effectively compete in the EFT services market. They have consistently proven themselves to be extremely reliable, flexible and willing to work collaboratively with us.”

“We align ourselves with service partners who can deliver the solutions our clients need to compete effectively in their marketplace,” said Ron Young, VP, product strategy and management, of Open Solutions. “With CNS, our clients have access to a complete set of leading and cost-effective products and services that provide consistent, high-quality performance to benefit their individual cardholders.”

Open Solutions Expands Relationship with CNS, 2

“As a longtime client of Open Solutions and CNS EFT, we are extremely pleased and have determined that both processors actually exceed our expectations for EFT processing,” said James N. Farrell, president and CEO, New Haven County Credit Union, Inc., located in North Haven, Conn.

“We welcome the opportunity to expand our working relationship with Open Solutions to provide cost-effective, scalable and comprehensive EFT services to the financial marketplace,” said Don Cowley, senior vice president of CNS. “We’re pleased to have been selected by an industry leader to deliver the tools, capabilities and marketplace insight their clients need.”

About CNS

CNS provides comprehensive ATM and debit services to financial institutions across the United States, including ATM driving and comprehensive transaction processing capabilities. CNS clients operate in all 50 states, making it one of the nation’s most successful and accessible electronic funds transfer (EFT) providers.
